

Who We Are

The Regional Center Partnership of Somerset County, Inc., is a non-profit public/private partnership that brings together the vision and planning of three communities, the County, various non-profit agencies, and the private sector to collaboratively work together to guide development and investment.

The Regional Center Partnership provides the coordinated planning framework to achieve the goal of improving the identity and functionality of the Regional Center, the quality of life for residents, and creating a favorable environment for business. This helps fulfill the State Development and Redevelopment's goals for the Regional Center as a formally designated "regional center."
